[REDACTED] dated 13 January 1961

1. Reference dispatch requested that headquarters consider the feasibility of transferring to the field the responsibility for reconciling Class A, Type II field station property records to the property records maintained at headquarters for such stations.

2. The suggestion appears to have considerable merit and the constructive thoughts expressed in reference are appreciated. In line with your proposal headquarters will make a thorough study of the procedural requirements involved and will notify you of the determination reached with respect to the suggested change in procedures.
